CIGAR SELECTION

TIME BEAUTIFULLY FILLED

Philosophy

Time. On the one hand, it can be fleeting, passing all too quickly. And yet, it can be an exquisite moment of indulgence, a luxurious occasion just waiting to be filled beautifully.

In their single-minded pursuit to create only the very best cigars, Davidoff believes in the importance of time. Taking precious time to craft an exceptional cigar, and equally taking the time to enjoy that cigar, lies at the very heart of Davidoff's philosophy.

When you light a Davidoff cigar you set aglow the richest tradition of cigar making in the world.

You release craftsmanship which could only be achieved by our investment in that most precious of commodities: time. Every cigar has five centuries of the cigar maker's art folded into its elegant form. In every way, it is time beautifully filled.

OUR CIGARS

Premium Cigars made by Davidoff are arguably the best of the best. Each Davidoff has a unique flavor, handrolled by experts for aficionados worldwide.

Two cycles of aging and fermentation occur, whereby the glide of time invites a ceremony of circumspection that alternates between urgency and supplication.

Upon perfect readiness of taste and aroma, the tobacco leaves are blended for the ultimate in luxurious refinement. These exacting blends must satisfy expert tasters at Davidoff headquarters in Switzerland. Given approval, the blends go into the skilled hands of torcedores, cigar-rolling craftsmen who work in pairs. One selects by touch alone exactly the right amount of tobacco for a pleasurable draw and full effulgence of taste. The other rolls the bundle, placing the aromatic tips of the leaves at the foot or lit end of the cigar for a serene balance of flavour. Later, upon inspection, cigars are measured for diameter and weighed to ensure the sensitivity of the "torcedores" handiwork to exact specifications.

At last, fully extant, after 5-10 years each cigar is transported to the place where it will transfer into the hands of the aficionado.

As the flame touches the tip, time becomes still, a moment where sense and pleasure overtake everything else. Each draw of a Davidoff is celebration, time beautifully filled.
